

Mitsubishi Electric Ireland's Sponsors the Industrial Control Competition for WorldSkills Ireland for a Second Year!

We had an incredible experience at WorldSkills Ireland 2024, held at the RDS Simmonscourt from September 25th – 27th! Over three inspiring days, students and visitors explored a wide range of exhibitions, engaged with an extensive education center and witnessed skill-focused competitions – all aimed at helping young people shape their future career paths.

Our team was thrilled to get the opportunity to connect with future leaders in our industry. We shared insights, engaged with students and discussed how skills and apprenticeships are pivotal for building tomorrow's workforce. Thank you to everyone who visited our stand – your enthusiasm and curiosity made it a memorable event!

Industrial Control Competitors

As proud sponsors of the Industrial Control Competition, we celebrated the impressive skills showcased by competitors. Focused on installing, troubleshooting and maintaining industrial automation and electrical production systems, the competition highlighted the crucial role of automation technology in modern industry. We were

blown away by the exceptional talent displayed by the four finalists. Congratulations to , Adam, who won the overall competition and well done to Victor, Sean and Mark for their outstanding performances as well!

WorldSkills Ireland Awards Ceremony

We were honored to receive a plaque from WorldSkills Ireland in recognition of our sponsorship. This partnership offers young talent a platform to connect with industry leaders, showcase their skills and envision their future in automation technology and beyond. We're grateful to WorldSkills Ireland for this acknowledgment and for organizing such a meaningful event.
